**The Invisible Hands: Top Hedge Fund Traders on Bubbles, Crashes, and Real Money** Steven Drobny  
**Hedge fund managers who survived and profited through the 2008 financial crisis share their secrets**

In light of the colossal losses and amidst the resulting confusion that still lingers, it is time to rethink money management in the broadest of terms. Drastic changes still need to be made, and managers who actually made money during 2008 make for a logical starting place.

This updated and revised edition of *The Invisible Hands* provides investors and traders with the latest thinking from some of the best and the most successful players in money management, highlighting the specific risk and return objectives of each, and discussing the evolution of certain styles and beliefs in money management.

- Divulges how top financial professionals are looking forward by thinking clearly, managing risk, and seeking a new paradigm of profit making opportunities in the post-crisis world
- Outlines investments and strategies for the rocky road ahead
- Gives guidance on how traditional investors such as pensions, endowments, foundations and family offices should rethink how they approach asset allocation and portfolio construction
- Written by respected industry expert Steven Drobny

Page by page, the professionals found in this book reveal their own approaches to markets, risk, and the broader world in which we live, as well as their advice on how investors should be approaching money management in today's uncertain world.
