'We can't all just be hurtling through nothing towards nowhere...can we?'

A young couple are moving into their new home. A soldier is being held hostage. Two boys are searching for monsters. All these things are connected by both family and time but what story can be told when family and time are broken?

Set over the course of twelve years, *Shivered* unpicks the story of two families and then re-weaves it into something new and startling. Seven people, one war, a derelict car plant and mysterious lights in the sky come together in the Essex new-town of Draylingstowe, where the view from green hills once offered hope and prosperity for all.

An oblique and startlingly anachronistic piece, the timeframe is an emotional, rather than linear sequence, reflecting the characters' broken memories and shattered lives. Depicting a panorama of people and time, connecting links of friendship, family and encounters eddy around each other in a tantalising, surprising and intelligent way. *Shivered* is a state of the nation play meets a dreamlike memory play.
