The Eighteenth-Century Town: A Reader in English Urban History 1688-1820 (Readers In English Urban History) Peter Borsay

The eighteenth century represents a critical period in the transition of the English urban history, as the town of the early modern era involved into that of the industrial revolution; and since Britain was the 'first industrial nation', this transformation is of more-than-national significance for all those interested in the history of towns. This book gathers together in one volume some of the most interesting and important articles that have appeared in research journals to provide a rich variety of perspectives on urban development in the period.
