## **An Introduction to Womanist Biblical Interpretation** Nyasha Junior

*An Introduction to Womanist Biblical Interpretation* provides a much-needed introduction to womanist approaches to biblical interpretation. It argues that womanist biblical interpretation is not simply a byproduct of feminist biblical interpretation but part of a distinctive tradition of African American women's engagement with biblical texts. While womanist biblical interpretation is relatively new in the development of academic biblical studies, African American women are not newcomers to biblical interpretation.

Written in an accessible style, this volume highlights the importance of both the Bible and race in the development of feminism and the emergence of womanism. It provides a history of feminist biblical interpretation and discusses the current state of womanist biblical interpretation as well as critical issues related to its development and future. Although some African American women identify themselves as "womanists," the term, its usage, its features, and its connection to feminism remain widely misunderstood. This excellent textbook is perfect for helping to introduce readers to the development and applications of womanist biblical interpretation.
