## **From Pearl Harbor to V-J Day: The American Armed Forces in World War II (American Ways Series)** Clayton D. James, Anne Sharp Wells

Before this book, general readers who wanted a compact but comprehensive history of American military action in World War II had nowhere to turn. Now, in this concise, lucid, and balanced account, D. Clayton James and Anne Sharp Wells provide the first one volume history of the U.S. armed forces in the war. Examining the strategy, logistics, high command, operations, and home-front aspects of the military campaign, they narrate the story .in slightly more than 200 pages, with a clarity and perspective that virtually any reader will appreciate. In addition to describing the major operations and battles, and analyzing strategy and tactics, *From Pearl Harbor to V-J Day* contains crisp portraits of major military leaders and a background of political, diplomatic, economic, and social developments in the warring nations. Also receiving attention are the role of women and minorities in the military; the relation of armed forces personnel to the American home front; the impact of technology; and the breakthroughs of communications intelligence. In a final chapter the authors consider the consequences of the war for American society and suggest that romanticized views of the conflict should finally be laid to rest.

Do you want to try this extraordinary shelling out spare time activity?

#### **Stephen Comerford:**

As a university student exactly feel bored to help reading. If their teacher questioned them to go to the library or to make summary for some guide, they are complained. Just little students that has reading's heart and soul or real their passion. They just do what the educator want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading is not important, boring as well as can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this From Pearl Harbor to V-J Day: The American Armed Forces in World War II (American Ways Series)

can make you really feel more interested to read.
