Robert Paul Wolff

The Autonomy of Reason: A Commentary on Kant's Groundwork of the Metaphysic of Morals Robert Paul Wolff

The Autonomy of Reason reflects Wolff's determination to get out of Kant's system what is good and to get out of Kant's system for good. Readers will certainly benefit from Wolff's two decades of intense study of Kant. Wolff does not see his task as one of either historical exegesis or philosophical criticism. In the place of both Wolff proposes a "philosophical reconstruction" of the text.
