Leo Gough

C. Northcote Parkinson's Parkinson's Law (Infinite Success) Leo Gough

This brilliant interpretation of C. Northcote Parkinson's work is not a substitute for the original. Its purpose is simply to illustrate the timeless nature of Parkinson's insights by bringing them to life through modern case studies.

In his insightful classic, Parkinson demonstrates his witty and acerbic panache for bringing to light the absurdity of every day life. Working around the premise 'work expands so as to fill the time available for its completion' Parkinson explores the realities of human behaviour within a bureaucracy. He doesn't theorise, but instead writes about how people truly function in organisations.

Clever, funny and revealing, Parkinson's law is as relevant now as it was in 1958 when it was originally released. Leo Gough's interpretation of Parkinson's law is an entertaining accompaniment to one of the most famous books ever written.
