Indigo Awakening

Janine Talty

Indigo Awakening Janine Talty

Dr. Janine Talty, today a successful osteopathic physician, as a child found herself bewildered by a world full of challenges that she could not understand. She felt isolated, unable to cope with the regular life issues that other children managed easily. She could not comprehend math or spelling-yet she could see energies that others could not see, and had levels of awareness than no-one around her possessed. She exhibited unusual artistic and healing talent. She spontaneously remembered and drew pictures from "old memories" of places her family had never visited. Only as she grew into adulthood, painfully learning to cope with her challenges, did she realize she was an "indigo," one of a generation of people with unusual talents and abilities, yet who rarely fit neatly into societal roles.

This book is the inspiring story of how she overcomes these challenges, finds her voice and identity, and discovers a channel for her healing abilities as an osteopathic physician.
