Ever wonder what is going on in a baby's brain? Or how you can best nurture a child's natural development? Or why exactly Bach is better than Mozart for babies? This book will explain why. No technical knowledge is necessary, as Shore makes recent neurological findings accessible to all those who come into contact with young children. Everything a baby experiences in his or her first five years is building the foundation of life's learning potential. Through increasing the complexity of the early childhood environment in developmentally appropriate ways, we can nurture young children's brains. *Developing Young Minds* is a must-have for new parents or caregivers of young children.
