**Recorridos creativos: conceptos, reflexiones, narraciones y críticas (Spanish Edition)** Ricardo López Pérez

La creatividad está ligada a la vida en todos sus aspectos. Es un recurso interminable y con un extenso rango de aplicación, tanto en términos instrumentales como reflexivos. Existe acuerdo en considerarla como un valioso factor en la formación personal y profesional; pero para que ello pueda materializarse es preciso avanzar hacia una mirada que sepa a la vez distinguir y articular, reconocer los detalles y también sus contextos.

Los sueños y las fantasías son fértiles cuando ponen la primera piedra de algún proyecto, pero pueden ser estériles cuando evitan la interacción con la ética, el pensamiento y el conocimiento.

Este libro nos invita a participar de una suerte de viaje por experiencias, narraciones, situaciones y autores que buscan generar una profunda reflexión sobre la creatividad en sus escenarios reales y potenciales.
