**Las Ciencias Sociales en discusion (Spanish Edition)** Mario Bunge

Las ciencias sociales en discusión es el nuevo libro de Mario Bunge, el autor de la monumental obra *Treatise on Basic Philosophy*, conocido ampliamente como el filósofo de las ciencias. En este volumen centra su atención en las ciencias y tecnologías sociales, considera numerosas disciplinas que incluyen: antropología, sociología, economía, ciencia política, derecho, historia y ciencias de la administración.

Bunge sostiene que la investigación en ciencias sociales esta actualmente sujeta a la fascinación posmoderna por el irracionalismo y el relativismo. Les propone a los científicos sociales reexaminar la filosofía y la metodología que esta en la base de sus propias disciplinas. Aboga por la objetividad, las teorizaciones rigurosas, las comprobaciones empíricas así como por un diseño de políticas moderadamente sensibles y socialmente responsables.

"El merito mayor de esta obra reside en su amplio espectro de contenidos relevantes y en su estructura inteligente, confiable y clara. De este volumen se aprende muchísimo, puede ser utilizado como columna vertebral de un curso o por una persona inteligente que desee iniciarse en cualquiera de las disciplinas que trata. Reitero: calidad y erudición son sus principales meritos."

Ernest A. Gellner, filósofo contemporáneo, Central European University.
