«Mi objeto, si se lo alcanza a detectar en la novela, es el límite entre el adentro y el afuera de la obra como alegoría del límite entre el adentro y el afuera de la vida humana.»

Fogwill

Novela inédita, perdida y recuperada, *Nuestro modo de vida* fue escrita en 1981. Fernando, su protagonista, se busca en las cosas como en un espejo, investiga el límite que lo separa del mundo y entrevé "con un temblor inteligente, sensible y sensual" la unánime insustancialidad de los objetos exteriores y del sujeto que está en el centro de su experiencia. El juicio sumario de la historia tal vez condenaría a la pareja que Fernando forma con Rita como a ejemplares arquetípicos de una burguesía culpable de egoísmo, superficialidad, hipocresía. Pero Fogwill complica magistralmente el proceso al plegar su punto de vista a la conciencia de su personaje y a su indagación de la intimidad: vigilia tan perpleja como sutil, tan ligera como insondable.

Marcados por su situación social e histórica, los caracteres de Rita y Fernando resisten, por debajo de esa superficie espejada, una lectura más universal: su suave prisión de irrealidad, más o menos confortable, más o menos amenazada, es la misma que protege o que oprime al lector.
