Becoming the Gentleman (Global Masculinities)

Jason D. Solinger

Becoming the Gentleman (Global Masculinities) Jason D. Solinger

Becoming the Gentleman explains why British men and women in the long eighteenth century were haunted by the question of what it meant to be a gentleman. It argues that our modern conceptions of gender, class and labor came into view in the course of redefining masculine gentility. Supplementing recent work on femininity, this book not only identifies a corpus of texts that address masculinity-male conduct books, novels, poems and an entire magazine industry-it also provides a corrective lens by historicizing a masculine figure that has been regarded as unchanging. Becoming the Gentleman identifies this effort to redefine the gentleman as a struggle over cultural capital conducted discursively. A synthetic study of literary (e.g. Addison, Pope, Burney, Austen & Scott) and extra-literary texts (e.g. Locke, Adam Smith, and diverse instructional authors), the book will appeal to scholars and advanced students of history, literature, gender, education, and culture.
