El principio de justicia universal: Fundamentos y limites (Spanish Edition) Ana Perez Cepeda

Entre las distintas perspectivas de análisis del fenómeno terrorista, se ha elegido en esta obra una perspectiva jurídica centrada en el Derecho internacional. Se examina, pues, en ella el terrorismo como realidad -realidad criminal- que hay que combatir mediante la cooperación internacional, sin perjuicio de tener en cuenta las diversas causas, sociales y políticas, generadoras de situaciones de frustración y descontento generalizado que son el caldo de cultivo para la propagación de los extremismos militantes. A lo largo de estas páginas se abordan aspectos relevantes para una lucha antiterrorista respetuosa del Derecho, entre ellos la búsqueda de un consenso universal sobre la definición de terrorismo, la responsabilidad del Estado por hechos ilícitos, la delicada cuestión de la participación directa en las hostilidades de quienes no tienen derecho a ello según el Derecho de los conflictos armados, el deslinde y las posibles sintonías entre los enfoques de Derecho humanitario y de derechos humanos, el papel de los órganos judiciales nacionales (sobre todo desde la óptica del due process) en la respuesta a los desafíos que plantea la "guerra contra el terrorismo", la cooperación judicial entre Estados, y otros de indudable interés.
