Agnes Hahn Richard Satterlie

At the age of four Agnes Hahn went to live with her great aunts Gert and Ella. Now Gert is deceased and Ella is in a care home in the advanced stages of Alzheimer's. Her life is mundane, her work at the animal shelter routine. And then she is arrested for a string of unimaginably heinous murders. Reporter Jason Powers is covering the murders, but he has more than newspaper copy in mind; this case has bestseller potential. He soon uncovers a tangle of Hahn family secrets and one both shocks and intrigues him—Agnes has a twin. Just when Powers is breaking through Ella's dementia to put together the puzzle behind the carnage, Ella is murdered by another of the family secrets, Gert and Ella's brother Eddie. Then Eddie is murdered with clear fingerprint evidence implicating Agnes. When Powers unearths the final family secret he also answers a nagging question: Why did the aunts take only Agnes thirty years ago?
