Murder in Alphabet City: A Manhattan Mystery Lee Harris

Newly promoted to detective first-grade with the NYPD, Jane Bauer, is back to work after a nearly fatal run-in with a killer. But while she's happy to be back on the job, her new assignment—another cold case—seems to hold little promise of being solved.

Eight years ago, Anderson Stratton, a schizophrenic, was found dead of starvation in his apartment. Nothing on the scene indicated foul play, and although he left no note, the death was ultimately ruled a suicide. Stratton's well-connected sister, Flavia Constantine, never accepted that conclusion, and has insisted that the case be reopened. But in their investigation, Jane and her team stumble upon another grisly suicide—and realize that the two may very well be connected. As her inquiry intensifies, Jane is led to a shocking and horrible truth—and once again finds herself on the threshold of death.
