Nebula's Music Aubrie Dionne

Each note brings her one step closer to the truth.

When the cyborg Nebula plays the piano she experiences memories from a time before her creation. These memories—which involve a captive rebel fighter being held on their ship—bring with them complex human feelings and awaken a desire for her to discover her origins.

Radian is the long-lost love of the woman from which Nebula was made. He's vowed to avenge his fiancé's death and rescue her sister from the Gryphonites, a fierce race out to enslave the galaxy.

Nebula grapples with her identity and how much of who she is comes from someone else's past. She is not the woman that died, yet she is undeniably drawn to Radian.

Together Nebula and Radian seek to rescue his fiancé's sister and end the Gryphonites' cruel reign. But can Radian learn to love again and can Nebula accept a past made from someone else's memories?
