Latter-day Christianity: Ten Basic Issues Robert L. Millet, Noel B. Reynolds
With the rapid and visible growth of the Church of Jesus Christ of Latter-day Saints, it was inevitable that doctrinal differences would arise between the Latter-day Saints and people of other faiths. Members of the LDS Church profess to be Christians, yet others doubt or do not understand this claim. The contributors to Latter-day Christianity hope that the 10 essays contained in this full-color, illustrated book will help Latter-day Saints who want to explain their beliefs and will be useful to people outside the LDS Church who want a simple and clear statement of those beliefs. The essays address such topics as whether Latter-day Saints are Christian and what they believe about God, the Bible, personal revelation, human deification, salvation, and proselytization.
