**The World of Sound: Music on its way from the performer to the listener** Peter K. Burkowitz

This book describes the author's contacts to and experience with famous artists, orchestras, bands, groups and producers of the period, as well as to the leading brains of the international sound engineering scene. His views and insights do not only cover the fields of music, sound engineering and studio-practice, they also extend to various art forms, industrial and standardization panels, including economic, copyright and sociological aspects. This altogether makes reading this book an informative and captivating experience.
