Saving Capitalism: Keeping America Strong Pat Choate

When the U.S. financial structure collapsed in fall 2008, it quickly became clear that our system of market capitalism was broken, endangered by decades of absolutist market dogma, shortsighted policies, and the abandonment of America's working people. Now, as the Obama administration seeks to repair the country's economy, one thing is clear: this crisis calls for drastic reforms. Regrettably, the government's response, so far, has been inadequate.

In *Saving Capitalism*, economist and bestselling author Pat Choate offers six game-changing actions that can strengthen the U.S. economy now and stimulate long-term, self-sustaining, noninflationary economic growth that will create millions of better jobs. Here are proposals for:

- Major tax reform
- All-encompassing financial regulation
- A strong social safety net
- A major infrastructure program
- Ways and means to balance U.S. trade with the rest of the world
- The renewal of national innovation

Urgent and provocative, *Saving Capitalism* is an accessible and informative dissection of the gravest threat our economy has faced since the Great Depression, and a bold and creative blueprint for the future.

From the Trade Paperback edition.

Jack Morgan:

As a college student exactly feel bored to reading. If their teacher inquired them to go to the library or even make summary for some e-book, they are complained. Just minor students that has reading's heart or real their pastime. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring as well as can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Saving Capitalism: Keeping America Strong can make you experience
