The conspiracy theories, romance, and compelling "What if?" questions of the So Close to You series build to a satisfying end, making *Find Me Where the Water Ends* the perfect fit for teen fans of light science fiction like *The Time Traveler's Wife*.

It's Lydia's last chance to stop the Montauk Project . . . or else be lost in time forever. Lydia has been trained into a person she might have once feared: focused, fierce, deadly. Although she never wanted the life of a Montauk Project recruit, the Project has captured someone she loves—someone she'll do anything to save. Then Lydia glimpses a world in which the Montauk Project never existed. The Project has taken so much from Lydia already, but she knows that she will sacrifice everything to make her vision of a world without the Project a reality.
