## Padres e hijos (Spanish Edition) Iván S. Turguénev

De una novela titulada *Padres e hijos* puede esperarse, por supuesto, un conflicto generacional, entre lo viejo y lo nuevo, entre lo que está a punto de desaparecer y lo que está a punto de venir... y más en la Rusia que ve acercarse inevitablemente –con la liberación de los siervos– el fin de una época. Lo que quizá no sea tan esperable es que, en este conflicto, quienes tengan el poder, quienes impongan, a veces tiránicamente, sus condiciones, sean los hijos... frente a unos padres cansados pero amantísimos, deseosos de pasar el relevo con una entrega que roza el servilismo. Turguénev coloca justo en el centro de este mundo frágil a uno de los héroes clave de la literatura rusa y universal, el estudiante de medicina Bazárov –un «hipster nihilista», según el joven novelista norteamericano Gary Shteyngart–, que, no siendo todavía médico, ya desprecia de la medicina: es más, si no cree en sus padres, aún cree menos en su propia generación. Dotado de una energía prodigiosa para el sarcasmo, la negación y la paradoja, y de un carisma que seduce a la vez que aleja a todo el mundo, este personaje descomunal pone a prueba de una patada el sistema estamental, el orden caballeresco, el ideario filosófico y la red de afectos en que se sustenta la sociedad de su tiempo... e incluso desafía, en sí mismo, cómo no, al amor...

*Padres e hijos* (1862) fue la obra más polémica de su autor. Le ganó enemigos en el bando de sus amigos y amigos en el de sus enemigos. Por su complejidad no es difícil adivinar por qué.
