Herman Cain

Foreword by Zell Miller

Do the scare tactics, deceptions and distortions of politics frustrate you? Have you grown cynical about the lack of real-issue leadership in Washington? Do you often feel as if politicians are talking down to you—that they think you're stupid? Well, that is how politics-as-usual makes Herman Cain feel.

In *They Think You're Stupid*, Herman Cain offers an action plan to help the marginalized voter find a true voice in the political process, while at the same time offering political party leaders an avenue back to the heart of American democracy—the voters. Cain identifies a new voter phenomenon occurring across the nation. Newly registered voters, young African-Americans, unhappy Democrats, and uncommitted Republicans are refusing to identify strongly with either political party. Cain provides insightful analysis of the factors that have led to what he terms the "politically homeless." While Democrats are on the road to irrelevancy, Cain believes that Republicans have an opportunity to capture the loyalty of this growing segment of America.

Herman Cain pinpoints a wide range of issues where he believes voters are unified—from the threat of terrorism to "economic slavery." He argues that the need to see real results around these issues can motivate the "politically homeless" to become more engaged in the political process, and by their very presence, transform policies and politics in Washington.

Former senator Zell Miller sees Cain's message as vital for political parties as they approach new elections, "Party leaders would do well to listen to him, all party leaders. Cain is on to something very important for our future. The kind of democracy we have enjoyed for more than two hundred years won't survive voter apathy. When the voters' trust is lost, so is their support. To their own demise, many politicians play the politics as usual game and continue to think of voters as mindless and willing to follow anyone because of a few well-placed jabs and sound bites. Candidates from either party who are more concerned with how the party fares will find themselves with plenty of free time on their hands."

From the perspective of a successful businessman, *They Think You're Stupid* offers hope for the disenfranchised voter and common-sense advice to the Republican Party. Cain explains, "The Republicans have a unique opportunity to dominate the political landscape for decades if they do a better job of reaching out to the party outsiders with results, rather than waiting for outsiders to reach in." Cain sees a new day in American politics, and that day must include a voice for the "politically homeless."
