Premodern Sexualities

Premodern Sexualities

Premodern Sexualities offers rigorous new approaches to current problems in the historiography of sexuality. From queer readings of early modern medical texts to transcribing and interrogating premodern documents of sexual transgression, the contributors bring together current theoretical discourses on sexuality while emphasizing problems in the historicist interpretation of early textualizations of sexuality. *Premodern Sexualities* clarifies the contributions literary studies can make--through its emphasis on reading strategies--to the historiography of sexuality.
